Reminders for January.

Flower Garden.—Make cuttings inside from stock plants for bedding, such as Geraniums, Heliotrope, etc. Sow hardy Annuals including Vaughan's "Elite" Pansy Mixture in greenhouses or hot-bed for early setting. The new annual golden Marguerite "Evening Star" is decidedly a good cut-flower. "Bedding Queen" Lobelia is superior to other varieties. Include in your order "Vaughan's Best" mixture of Verbena.

You get what you order from Vaughan.

Time for General Order. If you have not already received Vaughan's Complete Illustrated Catalogue for this year, send for it. Use our Priced Order Sheet. It saves time. Turn in your order with all details of address, mode of shipment, etc., plainly marked. Be sure to include our novelties and specialties as given in catalogue. Your report upon these after careful trial will be appreciated by us. Our catalogue will repay careful reading; we know good seeds and get them.

Call on us when you are in the city.

Reminders for February.

Greenhouse. Place Hyacinths and other bulbs coming into bloom in cool place with full light. Root Violet runners from healthy plants. Stir the surface of your carnation beds, give it a dusting of bone meal and mulch it with well rotted manure and loam (equal parts) and you will realize the benefit to the blooms as spring advances. It is time to secure your Tuberous Begonia bulbs for summer bedding. "Lafayette" is a brilliant double scarlet sort—the best one for standing full sunshine and rough weather. You ought to have this. "Cardinal" is a good single.

FRI. 1	MARCH.
SAT. 2	

Reminders for February-March.

Orchard and Grounds. Late February and March are the best times for pruning outdoor fruits and many ornamentals. Bailey's Pruning Book ($1.50 sent postpaid) is an authority on methods. Prune transplanted stock at least one-third. All future pruning should be done after the flowering season, except such shrubs as bloom on the new wood, which are to be pruned in spring. Keep the grass away from newly planted trees.

Reminders for March.

Orchard and Grounds. Plant Fruit Trees, Hardy Shrubs and Perennials outside if the soil is dry enough. Vaughan's New Ampelopsis Robusta Purpurea is a much stronger and more striking plant than Ampelopsis Veitchii (Boston Ivy). Give it a good place. Polygonum Baldschuanicum is another new vine of merit. Look it up. Remove half the covering placed on plants in the fall about the middle of the month. Seed down and r lawns with fertilizer where required. etter done this month than next.

Reminders for April.

Vegetable Garden. The hardier sorts of seeds and plants should all be sown or planted outside if soil is dry and warm. The earlier in the month the better. Firm the seeds well in the soil. Asparagus, Rhubarb, Spinach, etc., should be uncovered and the beds hoed or dug lightly. Kohlrabi "King of the Earlies", Dry Weather Cauliflower and Cardinal Forcing Radish are three importations that you need on your list.

March 31st. is Easter Sunday.

SAT. **8** Got 8 Gasoline

Reminders for June.

Vegetable Garden. Consult Planting Table on page 37. "Brittle Wax" Bush Bean, "Winter Queen" Celery, "Chicago" Pickle, "Dwarf Telephone" Pea and "Delicious" Squash have proved excellent and should be largely planted. Cease cutting Asparagus now and allow the shoots to grow. Keep soil stirred especially after rain. Give frequent top-dressings of Nitrate of Soda: fertilizer page in our catalogue gives the quantities used for the various crops. Look out for squash bugs, etc. Spray Tomatoes with Bordeaux Mixture to keep off the blight: thin the foliage and stake or trellis the vines. Lettuce sown now needs shade to germinate.

Come to Vaughan for Vaughan's Specialties.

Fall Shows. Arrange to attend and be of assistance at your local exhibition—show the best you have and let the judges' decision be final; if it doesn't suit you, suit yourself to it. You may be a judge yourself some day. Attend all the other shows that you conveniently can, and get acquainted with the real merits of the best novelties. Circumstances over which you do not have control may prevent you from exhibiting as some do, but it will at least be educational and interesting to be an onlooker if you love plant life.

Our Latch String is Always Out for You.

Reminders for December.

Vegetable Garden. Begin to make your definite plans for next season's work. Study the matter of rotation of crops, also of giving plant food in the most practical manner. Look up record of the current year's purchasings, yields, etc., and make up a preparatory list. If you prepare beds for early vegetables by throwing soil up in high narrow ridges with deep furrows between, it will enable you to plant several days or even weeks earlier than otherwise next spring. Celery in trenches should receive final covering of leaves or light stable litter 12 inches thick. Protect Potatoes, Beets, Turnips, etc., in pits, also Spinach, etc., in the ground. Get manure and compost heaps in proper condition.

READ WHAT GARDENERS SAY.

Vaughan's Seed Store deserves credit for enterprise in introducing ***Val Sang*** and other up-to-date greenhouse fertilizers.

WM. TURNER.

Gardener for M. C. D. Borden Esq., Oceanic, N. J.

Vaughan's Hohenzollern Asters have been in bloom since Sept. 1st., seed sown June 15th. They have been a grand sight and much admired by everyone.

JOHN HEEREMANS.

Gardener for A. R. Whitney Esq., "Glimpsewood," Morristown, N. J.

Vaughan's Chicago Orange Marrow Squash, Stringless Green Pod Bush Bean, and Jacqueminot Zinnia took first prizes at Des Moines County Fair, August 9th., 1906. Your Black Seeded Simpson Lettuce was the largest I ever saw. LOUIS W. MENLER.

Gardener for J. W. Blythe Esq., Burlington, Iowa.

Vaughan's Seeds produced finer plants than any I had previously from England. Your ***Carnations, Pansies, and Cineraria*** were exceptionally fine.

WILLIAM MULLER.

Church Missionary Society, Foo Chow, China.

The more of ***Vaughan's Seeds, Plants and Bulbs*** that I get the better I am pleased. The very best red ***Dahlia*** that I have seen this season, and I have a number of named sorts, is one from ***Burbank's*** seed that I obtained from you. W. MOSES.

Of Moses and Wylie, Drayton, N. D.

Vaughan's Baby Rambler Rose is rightly named, everblooming; it had flowers outside till November 15th. A. GRIFFIN.

Gardener for Elbridge T. Gerry, Esq., "Seaverge," Newport, R. I.

Vaughan's Lilium Harrisii have proved the best Lilies I ever grew. 9–11 inch bulbs are giving me from 8 to 14 blooms. There is no sign of disease. A. WEISENBERGER.

Gardener for Howard Willets, Esq., Gedney Farm Garden, White Plains, N. Y.

Vaughan's Gladiolus, Mrs. Francis King, was awarded certificates of merit by the SOCIETY OF AMERICAN FLORISTS, Dayton, Ohio, and by the NEWPORT HORTICULTURAL SOCIETY, Newport, R. I.

The items which we catalogue with Vaughan's name attached can be relied upon as unexcelled.
